

# Civil Justice Association of California President and Chief Executive Officer

Sacramento, CA | August 29, 2025

The Civil Justice Association of California (CJAC) is seeking a dynamic new President/Chief Executive Officer to continue this well-established organization's mission of providing a voice for balance and fairness in California's civil justice system. This is an outstanding opportunity to lead an influential and high-profile statewide organization.

## **About the Organization**

CJAC is the only statewide association dedicated solely to improving California's civil liability system through education and advocacy in the Legislature, the courts, and our communities. Our mission is to protect Californians from unwarranted and excessive litigation that discourages innovation, eliminates jobs, and drives up the costs of goods and services.

CJAC's membership and stakeholders represent a broad cross-section of businesses of all sizes across the State of California. The influential membership of 50 companies and organizations include many representatives from Fortune 500 companies, who support CJAC's activities. The President/CEO reports to the Executive Committee's eight members. CJAC's annual budget is approximately \$2 million.

CJAC also actively engages with other like-minded, high-profile organizations, such as California Citizens Against Lawsuit Abuse, the American Tort Reform Association, and the U.S. Chamber of Commerce Institute for Legal Reform.

CJAC was founded in 1979 as the Association for California Tort Reform (ACTR), a byproduct of the Medical Injury Compensation Reform Act (MICRA), passed in response to a crisis of runaway medical liability costs and the resulting shortage of healthcare providers in California. The association was renamed the Civil Justice Association of California in 1999.

To ensure a strong, forceful, and influential Association, key priorities for the President/CEO will be expanding the organization's membership and political influence. The President/CEO will be required to foster strong relationships with representatives of the Legislature, the Executive Branch, the Judicial Branch, key agencies, and peer/affinity groups.

## **Expected Outcomes**

  - To optimize the CJAC mission, will have conducted a comprehensive assessment of the organization: structure, policies and procedures, financials, and effectiveness
  - Will have assessed board membership needs and composition
  - Following the above, will have begun work with the Executive Committee, board, and staff to develop a strategic plan
- By the end of the second quarter:
  - Will have met with all board members
- By the end of the third quarter:
  - Will begin implementing a strategic plan and resultant business plan
